

# Woodcarving

## Monday Evenings 6-8.30pm

### WHAT YOU WILL LEARN:

A wonderfully creative, expressive and precise art. Coaching for traditional and abstract forms, learning to work with natural wood and work with its qualities. Teaching includes care of chisels and sharpening tools

Learn fundamental woodcarving techniques such as chip carving, relief carving, and shaping. Develop skills in using carving tools effectively. Gain insights into the characteristics of different wood types and learn how to work with the natural grain. Understand the impact of wood grain on carving design and execution. Take a project from concept to completion. Learn the process of designing, planning, and executing a woodcarving, including finishing touches and surface treatments.

Contact The Guildhouse to book your place - 07784 240 166
